

STONEFLY
VINEYARD
NAPA VALLEY

We share two passions - fly fishing and producing fine wine. Both require patience, skill and artistry. We take the same pleasure in creating a natural cast as we do in creating our delicate and sensuous wines.

A perfect day begins with a stonefly on your line and ends with a StoneFly in your glass.

2004 Cabernet Sauvignon, Napa Valley

This is our best vintage to date. It is 100% Napa Valley Cabernet Sauvignon with aromas of dried cherry and spice and a beautiful balance of lush red currant and spice on the palate.

It is a delicious accompaniment to rich cheeses, grilled meats and your favorite chocolate dessert. While ready to drink now, it will continue to develop over the next 3 to 5 years. This is a very limited production and will certainly sell out quickly.
