

**STONEFLY**  
VINEYARD  
NAPA VALLEY

*We share two passions - fly fishing and producing fine wine. Both require patience, skill and artistry. We take the same pleasure in creating a natural cast as we do in creating our delicate and sensuous wines.*

*A perfect day begins with a stonefly on your line and ends with a StoneFly in your glass.*

**2005 Cabernet Franc, Napa Valley**

*Our 2005 Napa Valley Cabernet Franc exhibits a dark, rich garnet color and an essence of black cherry with a hint of thyme. It has a peppery nose and a finish reminiscent of the classic Chinons of the Loire Valley.*

*There is a subtle flavor of cocoa as the wine opens up. It displays a medium body and a long, smooth finish with supple tannins. Although it is drinking well now, it will continue to improve until 2011 with proper cellaring*

**Technical Data**
